PUBLISHED BY JOHN MURRAY,
BOOKSELLER OF THE ADMIRALTY AND BOARD OF LONGITUDE,
No. 50, ALBEMARLE-STREET.

THE Publisher returns his acknowledgments to Correspondents who have obligingly favoured him with communications, which have been adopted, whenever they were compatible with the plan of the List, or conducive to its improvement. He requests the continuance of similar suggestions (**POST PAID**, or under cover to the Secretary of the Admiralty), which shall always receive his attention.

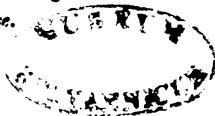

It is earnestly requested that Gentlemen desirous of having their wishes attended to should avail themselves of this last mode of corresponding with the Editor, as much unnecessary expense has already been incurred in Postage, and disappointment occasioned to the Parties themselves, whose Letters have not been noticed.

As the compilation of the Quarterly HALF-PAY LIST may be materially assisted by this Publication, Officers are earnestly requested to be as accurate as possible in the communication of such facts and dates as they are pleased to transmit.

But it is particularly to be understood that no alteration or correction in the List can be made unless the information is received prior to the 21st of the Month preceding the publication.

From the number of erroneous reports received of the Deaths of Officers, which in some cases occasioned inconvenience to the Service, and considerable anxiety to the Families of individuals, it has been found absolutely necessary to discontinue the publishing of that information. In future the Names of Officers will not be omitted on the List until their Deaths shall have been officially reported, or fully ascertained by private information. But reports of such events are nevertheless acceptable, to enable the inquiry to be made.

N. B.—The Force of each Ship is stated (agreeably to the ancient practice of the Navy, and in obedience to the Prince Regent's Order in Council) according to the Number of Guns and Carronades actually carried—and not according to the erroneous Denominations which had latterly grown into use.
